# RENAISSANCE®

A personalized digital library at every student's fingertips

myON

Play Video

Make reading a priority in person and at home

How it works

Choose

Students will never run out of great reads with so many **exciting titles** to choose from! They can pick from personal recommendations, browse by topic or genre, or search by keyboard.

Read

As students read on **their favorite digital device**—online or offline—they can mark up pages, highlight words, listen to audio versions, and interact with the enhanced digital books.

Quiz

At the end of each book, students can **take a short quiz** to check their comprehension, rate the book, write a review, and then go on to find their next fascinating title to read.

Analyze

Thirteen real-time reports capture student engagement and growth, providing **actionable data** that helps you ensure each student has the support they need to succeed.

myON

Magic inside. Metrics included.®

Watch students' eyes light up when you give them unlimited, 24/7 access to thousands of enhanced digital books. Foster amazing engagement with titles dynamically matched to students' interests, grade, and reading level. Build literacy skills with embedded tools and supports, and close gaps with metrics to see every student's achievement and growth.

500
Number of books in the home that propel kids 3.2 years further in their education.[1]

89%
Kids who say their favorite books were the ones they picked out themselves.[2]

2x
Increased likelihood of students who engage in high-quality daily reading practice to reach grade-level college and career readiness benchmarks.[3]

Why is myON a game changer? Hear from educators.

myON

Personalize literacy growth with access & choice

Equitable

Give all students an **equal opportunity to read and grow** with a library's worth of digital books.

Unlimited, 24/7 concurrent access, low bandwidth and offline reading, and enhanced accessibility features mean students can read books they choose or that teachers assign—anytime, anywhere.

Personalized

Students who read **authentic texts at the just-right level** enjoy reading more.

With over 7,000 authentic titles in the core collection and over 8,800 add-on publisher collections titles, myON is constantly expanding. A new adaptive and optional placement test provides smart recommendations that adjust automatically as students' reading expands.
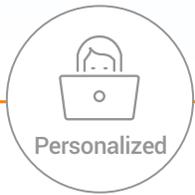

Supportive

Empower students to read more with the **right reading support**, when they need it.

myON has natural-voice audio that spotlights word-by-word, annotation and writing tools, and Accelerated Reader integration. Teachers can assign projects, engaging students in pedagogically-sound reading and writing.

myON

Give all students the opportunity to read anytime, anywhere

It's magical how every student reads more when you provide unlimited access to a personalized library of books. Students can choose from recommendations based on their interests and just-right reading level or browse the full library available under a school or district subscription.

- A variety of formats and genres: fiction, nonfiction, and graphic novels
- Titles from respected publishers in both English and Spanish
- Unlimited, 24/7 concurrent access
- Low bandwidth and offline reading
- Enhanced accessibility features

- Self-monitoring of progress gives students ownership
- Students can access their own Profile Reports at school and at home
- Educators can print and share Profile Reports to give families a visual overview of student progress

myON

Choice: A broad collection to match interests and reading levels

All myON subscriptions include a core library with thousands of authentic digital titles from well-known publishers. myON includes immediate access to fiction and nonfiction content to meet a broad range of interests, grades, and reading levels. Add new content to your collection anytime, and customize a package that meets your needs and goals. Additional titles are available in add-on collections.

myON

New and improved myON placement!

Getting students excited about reading is top priority. myON has a new placement that gives them perfectly personalized book recommendations. It is quick and adaptive and gets them reading their favorite, just-right reading level books right away.
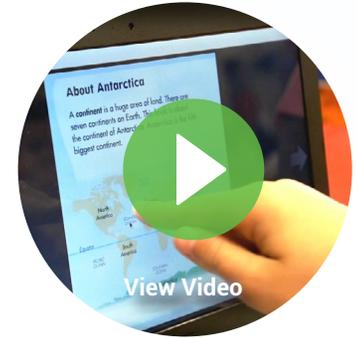

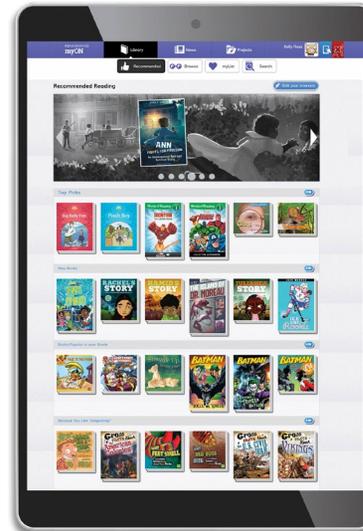

View Video

Learn about the benefits of myON in your classroom

Removes barriers to reading.
Students can read right away, and take the placement when they are ready.

Creates more fidelity in testing. Students or teachers choosing when they take the placement means less "speed clicking" and increased validity.

Improves reliability.
Powered by Star Reading means a truly adaptive test with more reliable data.

Increases time reading.
Students finish in about 10 minutes—they spend more time reading as a result.

Supports student growth.
Students receive greater personalization, accessibility, and practice—and more improvement.

RENAISSANCE
Star Assessments

Already using Star Assessments?

Because the new placement is powered by Star Reading, myON customers with Star Reading or Star 360 can have their Star data drive myON's recommendations. myON customers who have not yet adopted Star Assessments can still use the placement version that is built right into myON.
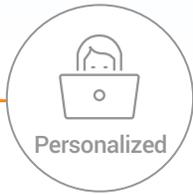

myON

Build literacy skills with embedded supports

myON helps build a complete literacy curriculum with reading supports, close reading and writing tools, and a "projects" tool to create assignments for individuals, groups, or an entire class. Immediate access to titles and meaningful, interactive tools bolster student literacy and engagement.
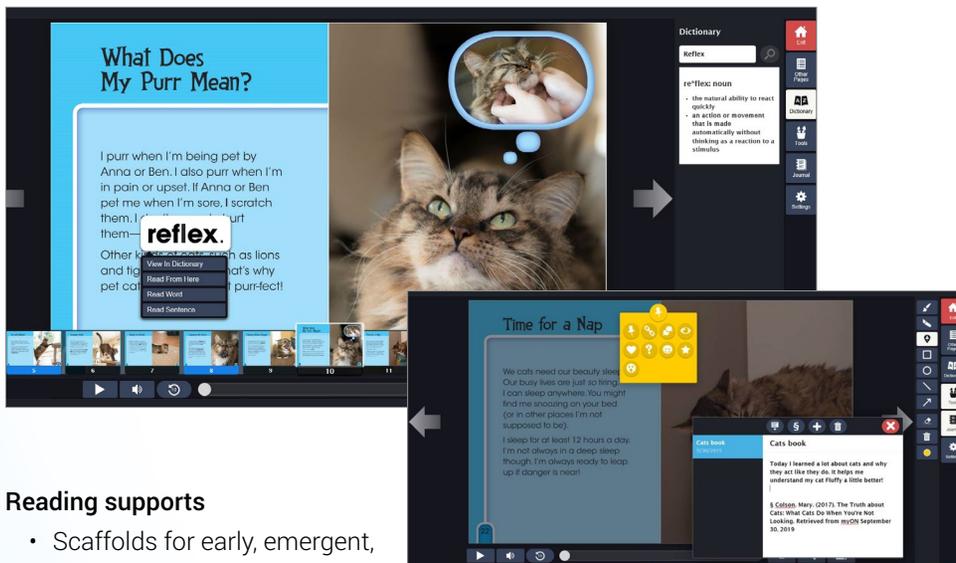

Reading supports

- Scaffolds for early, emergent, and transitional readers
- Professionally recorded audio
- A dictionary to build vocabulary in context

Close reading tools

- Highlighter, shapes, and a drawing tool
- Journal/notebook/sticky notes
- Citation creator
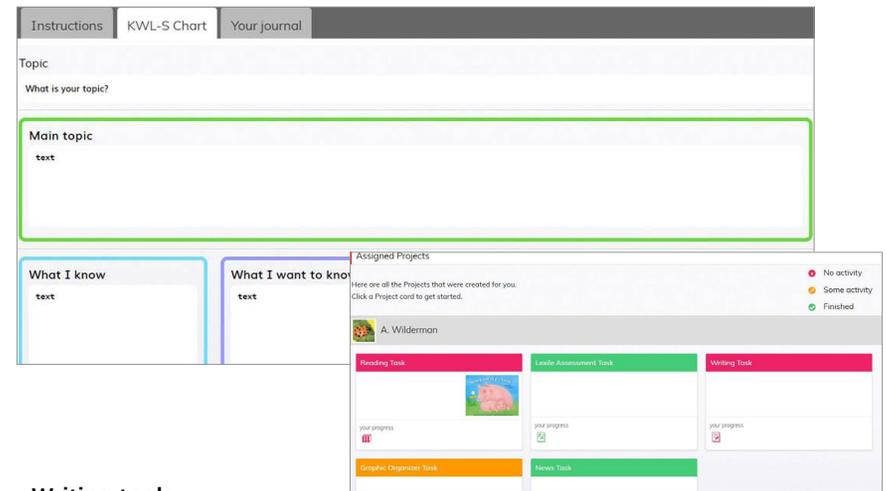

Writing tools

- 12 graphic organizers
- Essay writer, checklist, and peer review features

myON projects

- Create and assign individual, group, or whole-class projects
- Essay writer, checklist, and peer review features

myON

Monitor engagement as you measure growth

Actionable data through a series of 13 reports informs instruction while supporting program accountability requirements. Educators see customized information on student progress in key categories such as usage and proficiency, growth over time, and habits and trends. This real-time data helps directly empower students' motivation, guide personalized instruction, and celebrate growth and progress.
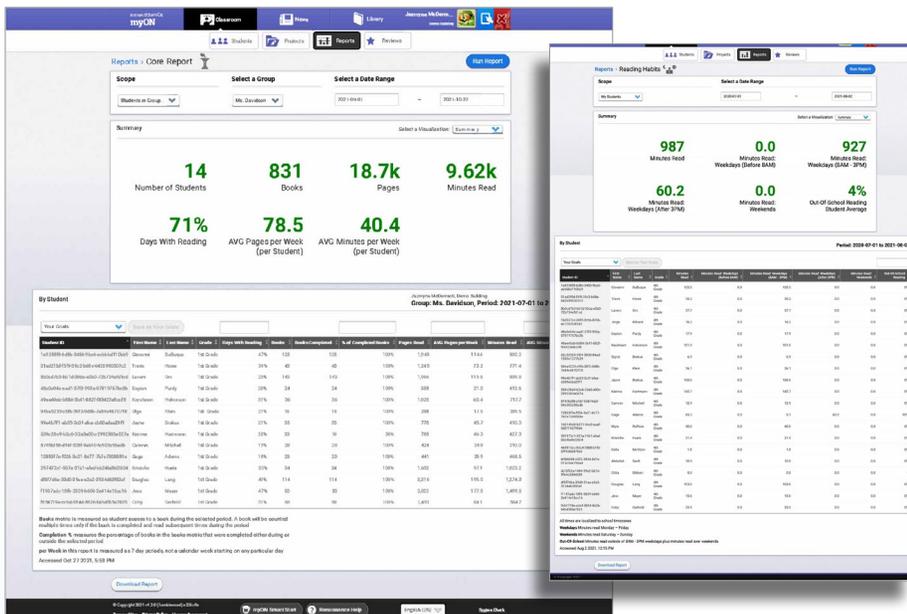

Core Report
- Monitor student activity and progress, including number of books opened, books completely read, pages read, minutes spent reading, and level
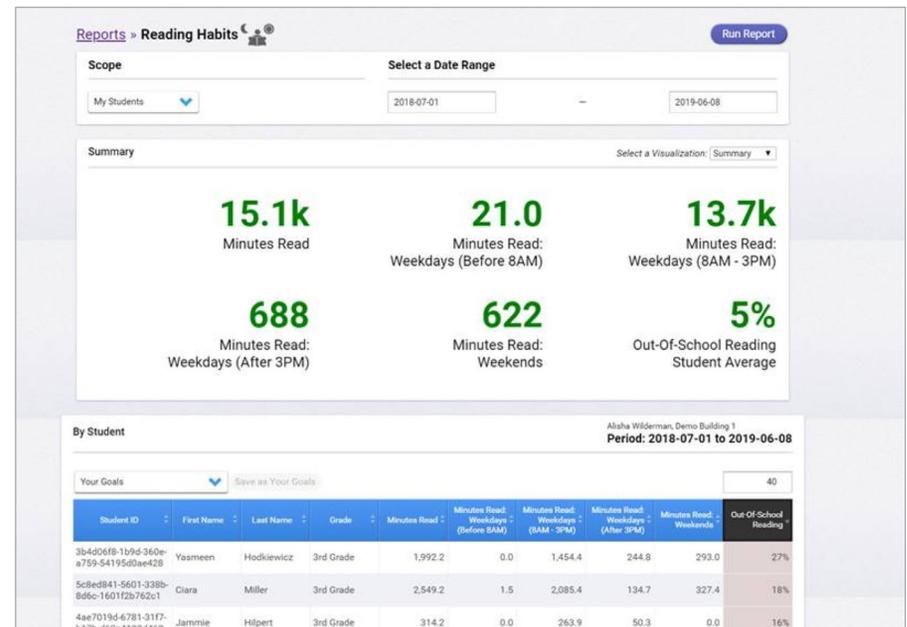

Reading Habits Report
- Shows when users are logging in and reading on myON during the school day, before school, after school, and on weekends

myON

Building engagement with current events and world news.

myON News delivers five age-appropriate news articles every weekday, 52 weeks a year. These high-interest, age-appropriate news articles written specifically for kids, report on timely topics and current events to help students develop a better understanding of the world. **These engaging daily news articles can be added to your myON subscription or purchased separately**.

Title recommendations from the myON library are paired with each article.

Articles can be read in English, Spanish, or French and include optional audio support in each language.

Engaging multimedia tools help students better understand the news while gaining digital skills.
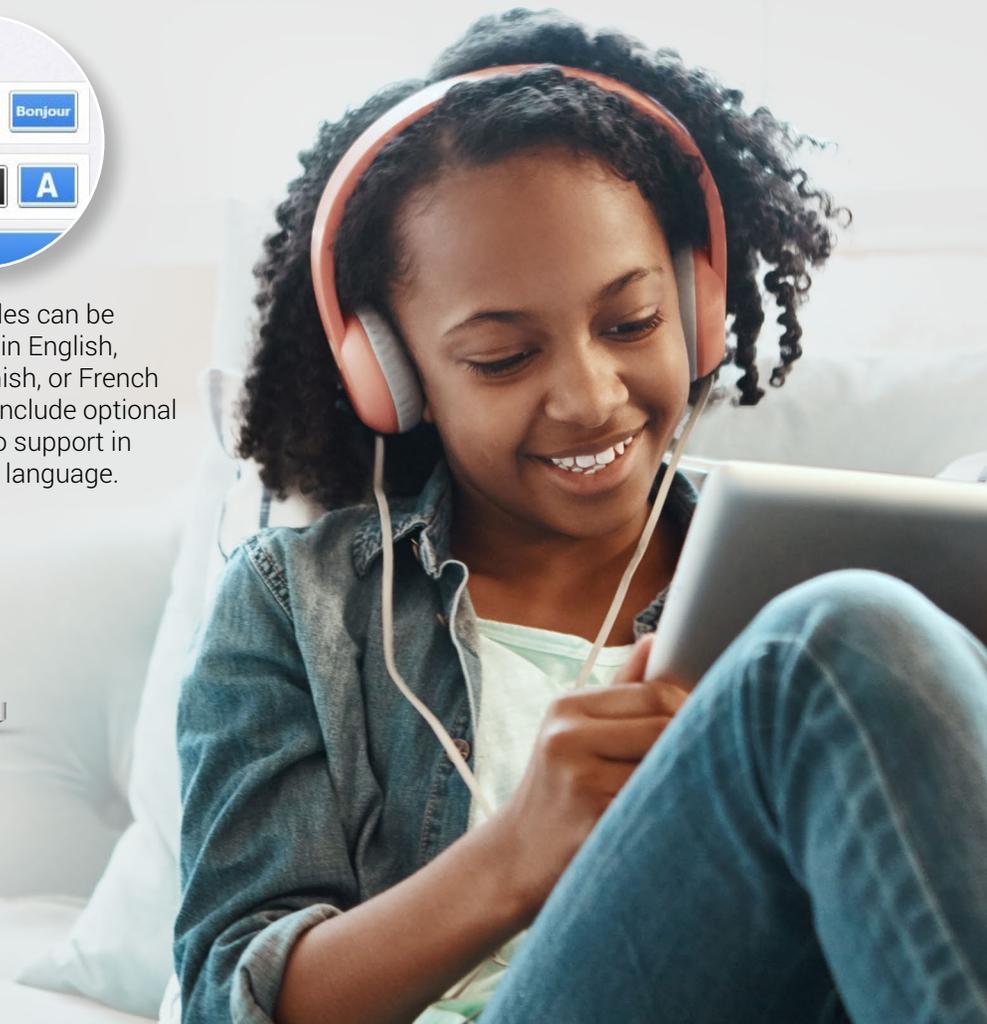

Make the most out of digital books in myON with access to thousands of Accelerated Reader quizzes.

Get the most out of myON with access to thousands of quizzes in Accelerated Reader. Students can read in myON and then immediately quiz and work toward reading goals in AR. With myON's immediate access to thousands of enhanced digital titles at a wide range of reading levels, and AR's over 220,000 quizzes, achieving literacy goals has never been easier.

Personalized reading suggestions in both **Accelerated Reader and myON engage students through self-selected reading practice**.

RENAISSANCE
Accelerated Reader

Accelerate Literacy Growth

myON is available alone or in a complete bundle with **Accelerated Reader** and **Star Assessments**. Empower educators to chart a personalized literacy growth path for every student. Give students 24/7 digital access, proven-effective reading practice at the right level, plus screening and progress monitoring so educators can effectively intervene and guide greater growth for students of all abilities and at all levels.

Star Assessments
Valid screening and progress monitoring

Accelerated Reader
Personalized practice with proven impacts on growth

myON
